

Siat Nigeria Limited TRANSPORT POLICY

Siat Nigeria Limited (SNL) is fully committed to securing the safety of its workforce, visitors and others who might be affected by its transport activities and to continuously ensure improvement in respect to SNLs transport safety performance. SNL specific objectives are:

- Ensure safe transport within, between and outside SNL estates in respect to SNL related activities.
- Avoid transport related injuries and damage to property
- Continuously improve transport safety performance.

To achieve this, SNL will:

- Ensure risk assessments for SNL associated transport operations and implement measures to control or prevent them.
- Ensure compliance to all applicable local laws and regulations.
- Establish and implement safe travel operating guidelines
- Monitor compliance with Safe Travel Operating Guidelines and take appropriate measures to minimize major and/or repetitive issues of non-compliance.
- Perform incident investigations of all transport related incidents that have or could have resulted in serious personal injury or damage to property and take action to prevent repetition.
- Establish annual transport safety improvement targets, implement and ensure that the necessary resources are available for their implementation and regularly monitor progress.
- Perform trainings and sensitizations of the SNL workforce to ensure individual awareness of safe travel behaviour and responsibilities, and the required skills and competencies.
- Implement regular and broad communication in respect of good practices in transport safety.
- Encourage a sustainable behavioural change to promote an organizational philosophy that give a high priority to transport safety.
- Assure continuous alertness to respond to safe transport related issues.
